SERVICES

EXPERIENCE

CLIENTS

OUR SERVICES:

BULK

Our staff experience covers some 80 bulk vessels ranging in size from small multi-purpose bulkers through Handysize, Supramax, Ultramax, Panamax to Capesize vessels trading regionally and worldwide.

NEWBUILDING SUPERVISION

Our newbuild team project experience is based on various shipping and offshore newbuild projects over a 7 year track record.

CONTAINER / MPP

Our staff experience covers some 30 vessels ranging in size from 1,100teu to 3,500teu, geared and gearless, reefer fitted, running on intensive scheduled services regionally within Asia, North/South America, Europe, Australia and New Zealand .

STS/LIGHTERING

Our staff experience includes full management of STS/Lighting vessel / Terminal for eight years. Offloading Capesize, Panamax and Ultramax vessels with the industrial high-cycling Tsuji cranes, then transferring from storage holds via EMS-TECH high spread conveyor and 75meter boom to shallow draft tug & barge trains.

OFFSHORE

Our staff experience covers some 26 units including Dive/ROV Support vessels, AHTS, Heavy Lift Shear Leg barges, Jack-ups, Drillships, Semi-Submersible Drilling units and FSO projects.

RORO / ROPAX

Our staff experience covers several RoRo, Pure Car Carrier and RoPax vessels supported by long experienced colleagues in Europe, China and Japan, RoRo and RoPax sectors.
